	140	On 2 May, a troop train consisting of 16 boxears each of which carried about 25 soldiers wearing red-borders, black spaulets, a third class passenger car and 6 flatcars each of which loaded with one T-34 tank was observed at the Felixdorf (0 k3/X 35) reilroad station ready for departure toward Vienna. Ten empty flatcars were seen near the ramp, where 1 armored reconnaissance vehicle, 3 armored personnel corriers, 3 track-laying vehicles and trucks were seen near the ramp where ready for loading, ***	25X1C
25X1A	4	Commont, Through vehicle number analysis it has been determined that this truck belongs to the unidentified MAA regiment in Kagran, It appears that there are connections between this regiment and the Soviet troops in Schwechat. See	25X1A
25X1A	种冷	Corment. An entraining of Sovies broops in Felixdorf has been observed for the first time. The vehicle assignment has not been determined, and equipment observed on the troop train indicator that the unit antrained was a metaposmic lattelier.	25X1A
